

NINETY-NINES, INC.

International Organization of Women Pilots

BENEFITS OF STUDENT PILOT MEMBERSHIP

As a student pilot you are encouraged to join The Ninety-Nines to take advantage of:

- **Membership** that introduces you to a wide range of women from sport pilots to astronauts, women who share your enthusiasm and have also taken to the skies. You will be able enjoy support and mentoring to help guide you on your path toward your aviation goals by building self-confidence from the shared experiences on all levels of flying expertise. The camaraderie you will experience because of these new associations will confirm that you are in the company of friends who will provide understanding, encouragement and strength.
- **Fly Now Award** of up to \$6000.00 toward the training for your first pilot certificate.
- **99s Forum**, an email discussion group that provides a means for 99s to discuss varied topics – flying, training, chapter/section innovations and ideas, networking, mentoring and more.
- **Flying Activities** sponsored by The 99s such as Poker Runs, Treasure Hunts in the Sky, Introductory Pennies-A-Pound Rides and Air Races. We fly together and have fun together.
- **The 99 News**, our official magazine, which introduces you to the activities of women pilots around the world.
- **The 99s Directory** provides your worldwide connection with women pilot friends. A weekly updated directory is available and can be accessed in the ‘Members Area’ section of our website, www.ninety-nines.org.
- **Ninety-Nines insurance** that provides coverage for your participation in all Ninety-Nines sponsored activities at Chapter, Section, and International levels.

Once you join and have completed your flight training, upgrading your membership to that of a Ninety-Nine brings additional benefits:

- **Scholarships** with one-year eligibility requirements. The earlier you join, the earlier you can apply for a scholarship from the Amelia Earhart Memorial Scholarship Fund (AEMSF). Scholarships are awarded annually for ratings ranging from instrument, commercial, and CFI, to ATP and 737 type ratings.
- **Career Resources** that include our **99s Email Network** and **Professional Pilot Leadership Initiative** (PPLI). These provide networking and mentoring to achieve your professional goals.

Join The Ninety-Nines and become a part of the increasing presence of women pilots in the aviation community. We will welcome you into one of the oldest international aviation organizations and invite you to enjoy all the benefits of belonging to The Ninety-Nines, an all women pilots’ organization.
